

MICHIKO

美智子珍珠

Welcome to our latest catalogue which is packed with many new and exciting designs. We would particularly draw your attention to the coloured crystal and cultured pearl combinations on the first two pages – already a successful addition to the collection.

Within this catalogue you will find a comprehensive selection of both loose rows, coloured stone combinations, earrings, and pendants so that you have every opportunity to satisfy any cultured pearl enquiry.

Because our jewellery is made ‘in-house’ we are able to supply necklaces to any length required, and, although not illustrated, a matching bracelet can also be made to echo the necklace.

The team at Michiko are here to help you. If you do not see what you need in the catalogue just ask – you’ll be amazed at what we can do when the need arises!

Richard

Notable dates: 30th wedding anniversary gift – Pearl • June birthstone – Pearl

Contents

2	Silver & Crystal Combinations	24	Shaped Pearls

Care of Pearls

Cultured pearls are easily scratched so need to be kept in a separate compartment in a jewellery box.

The alcohol in perfume and hair spray is particularly damaging to the pearl nacre so at least five minutes should be allowed for the vapour to disperse before pearls are worn.

Pearls should be cleaned after wear by drawing them through a damp cloth.

A pearl necklace or bracelet should be restrung every 12 to 18 months and preferably knotted between each pearl to prevent wear, and as added security should the silk break.

Restringing Service

Our bench jewellers have a wealth of experience restringing all types of pearl and bead necklaces.

Irrespective of value, simulated, cultured freshwater and cultured saltwater necklaces all take a similar time to restring.

Seed pearl necklaces

We prefer to estimate restringing these as each individual necklace can be very complex.

Michiko Pearls

Michiko Pearls – one of the largest cultured pearl companies in the UK – is a third generation family business, having over 100 years collective experience in the pearl and jewellery industry.

Specialists in necklaces, bracelets, earrings, pendants, brooches, and rings in platinum, yellow and white gold or silver. We also supply diamonds, rubies, emeralds, sapphires, and other precious and semi-precious stones.

Whether you are looking for a small gift or something special Michiko Pearls are able to help you. We have a wide range of jewellery, from simple pearl stud earrings through to bespoke commissions.

Grading pearls.

Freshwater pearl lake.
